**NO TO WAR AGAINST IRAQ**

**HANDS OFF AFRICA**

**SMASH BRITISH AND AMERICAN IMPERIALISM**

**FOR PAN AFRICANISM - ONE UNITED SOCIALIST AFRICA**

United States President George Bush is a Mad Imperialist riding a Paper Tiger. He is desperate to go to war against Iraq to seize Iraq's oil resources under the guise of disarming Saddam Hussein of Weapons of Mass Destruction. Yet, United States imperialism holds more Weapons of Mass Destruction than the rest of the world put together. So why doesn't Bush destroy America's Weapons of Mass Destruction.

Former South African President Nelson Mandela described the United States of America as: "One power with a President who has no foresight, who cannot think

properly, is now wanting to plunge the world into a holocaust." Mandela continued, "If there is a country that has committed unspeakable atrocities in the world, it is the United States of America...What Bush wants is Iraq's oil."

Bush has declared war against the Africans as well. He has imposed illegal sanctions against Zimbabwe claiming that elections held in Zimbabwe in 2002 were rigged by Zimbabwe President Robert Mugabe. But the African Union pronounced that the elections reflected the will of then Zimbabwe electorate. Every one knows that Bush became President of the USA by excluding Blacks from voting in Florida and by a biased Supreme Court decision. American troops are in Djibouti and the Gulf of Guinea readying themselves to grab Africa's oil and Africa's minerals under a Programme worked out with the Zionist state of Israel.

Britain and the European Union have also imposed sanctions against Zimbabwe because Britain wants to stop *the Land Reform Process* which is giving back to Africans, lands stolen from them under British colonial rule. These sanctions are clearly racially motivated since only White (European) people support sanctions against Zimbabwe. The rest of the world including the Non Aligned Movement and the African, Caribbean and Pacific (ACP) countries support the Land Reform Programme in Zimbabwe.

Black people in Britain must not stand aside and allow these injustices to continue. We must *make our voices heard for peace and justice in the world*. In Britain, there are no Black farmers. Britain has not given even a square centimetre of land to Black people living in Britain. So why should British citizens hold on to land they have stolen in Africa?

Come out and *raise your voice for peace*, against the American imperialist war against Iraq. Come and *show your solidarity and support* for the Land Restoration Programme in Zimbabwe.
